# George Washington Refuses To Talk In Mysterious Pierson Murder Investigation

## Three Men Now Held In Scottsburg Murder

SCOTTSBURG, Ind., June 20.—Shrouded in a veil of secrecy that is as mysterious as it is absolutely unpenetrable, the investigation by the Scotts county grand jury of the circumstances involved in the slaying last April of Edward D. Pierson of Chicago, auditor of the National Baptist convention, was started here Tuesday.

George Washington, 41, of Indianapolis, alleged notorious gunman, who is wanted in Fort Wayne for deliberately shooting up a crowded court house, is being held in jail here in connection with the sensational murder of the Chicago auditor.

**Others Arrested**  
The Rev. B. J. Westbrook, pastor of the Second Baptist church at Indianapolis, and A. M. Townsend, one of the wealthiest Negroes in the United States have also been arrested on charges implicating them in the murder of Pierson. Westbrook and Townsend are at liberty under bonds of \$10,000 each, pending the grand jury inquiry.

**Foul Play Feared**  
It has been ascertained that the names of several persons who are enmeshed in the Pierson murder tragedy are being held by Scottsburg authorities as a precaution against their being put on the "Spot" by friends of the accused murderer and his accomplices.

In other words the authorities here feel that if the names of these people are given out they will be "bumped off" because they know too much.

**Damaging Evidence Obtained**  
It is being asserted definitely that Pinkerton's detective agency has in its possession a large amount of damaging evidence involving many citizens in the plot which had as its purpose of "winging" the Chicago auditor, who dared to discover the appalling discrepancies in the books of the National Baptist Publishing board at Nashville.

That there is a sufficiency of evidence in the hands of these agents to warrant the indictment of Washington for the actual murder of Pierson, is another bit of fact that has leaked out in connection with the case.

Detectives, who have been working on the Pierson murder case for weeks are fixed in their belief that Washington had the co-operation of one or more accomplices in the crime he is alleged to have committed.

**Suspect Shadowed**  
When arrested in Indianapolis Wednesday of last week by Detectives George Sneed and Claude White, Washington was fully armed with a brand new and fully loaded revolver.

At the time of his arrest, Washington had on his person, according to jail officials, the sum of \$354.00 in large denominations.

For ten days and nights previous to his arrest Washington was shadowed by vigilant Pinkerton men out of whose sight the alleged murder never for once escaped.

**Planned Escape**  
According to police it was not the intention of the department to arrest the suspected murderer until sometime in July. Washington's arrest was permanently decided upon, when the man's completely overhauled car with its absolutely new tires, convinced the officers that Washington was on the verge of leaving the city for parts unknown.

This, according to Indianapolis police, interfered somewhat with their original plan to hold Washington's arrest in abeyance pending the rounding up of others who are known to be implicated in the Pierson murder plot.

**Identified**  
Washington, who is believed to be directly involved in a number of other unsolved murders committed

## Alleged Gunman-Killer

GEORGE WASHINGTON

George Washington, alleged to have been the Mr. Moorehead, who called at the home of Edward Pierson in Chicago and arranged the meeting in Louisville, where he was last seen alive. Pierson was killed 37 miles from Louisville, at Scottsburg, Ind.

## LEO DEMBINSKI, SOUTH BEND DOUBLE MURDERER, IS ON TRIAL

SOUTH BEND, June 20.—Attorney Charles H. Wells, secretary of the local branch of N. A. A. C. P., has been retained by the National association to assist the prosecution in the famous Dembinski double murder trial. The murder committed about three months ago, and rated as one of the most sensational in the history of this city, sent the murderer's wife and her physician to their graves under circumstances admittedly mysterious.

**Killer Used Rifle**  
Leo Dembinski, white, 24, is now facing trial, before Judge Orlo R. Deahl of Superior court No. 2, and a jury, charged with a double killing—that of his wife, Mrs. Clementine Dembinski and Dr. J. L. Curtis, South Bend physician.

Dr. Curtis and Mrs. Dembinski are alleged to have been killed by Dembinski with a rifle in Dembinski's home, March 7.

**Insanity Plea**  
The young slayers plea of temporary insanity was followed Tuesday by a clash between the state and defense on a motion of the defense to dispense with the commission of physicians appointed by the court to report on Dembinski's sanity. The defense maintains this practice is unconstitutional, and that the question should be left solely to the jury.

**Tells Conflicting Stories**  
The actual trial or case was scheduled to start Thursday or Friday.

The Dembinski case aroused much interest here inasmuch as Dembinski, after the shooting, told several conflicting stories as to his motive. His first story was that he killed them when he detected them in a violation of the moral code. A later confession was that he killed his wife to end her suffering from an illegal operation which Curtis was performing and that he then killed Curtis.

It has just been revealed in connection with the case that a clerk of a certain drug store has volunteered to give some testimony which counsel for the prosecution believe will be quite helpful to the latter. In this connection, it is being said that Dr. Curtis and other South Bend physicians often went to this drug store after their doors were closed at night and gained entrance to the latter after tapping familiarly on the door or window. These late visits, it is said, were always made in the store to obtain medicine for their patients.

**Purchased Medicine**  
On the night of his murder, Dr. Curtis is alleged to have gone to the pharmacy and purchased medi-

cine of a nature used in abortion cases.

The theory is being advanced that Dr. Curtis was then on his way to Dembinski's home in response to a call from the alleged murderer. It is also believed that while on his way to the latter's residence, the physician stopped at the drug store and purchased the medicine with which to perform the abortion operation at Dembinski's request.

**Condition Too Serious**  
Much credence is being attached to the additional theory that Dr. Curtis, after arriving at the Dembinski home, became convinced that the Mrs. Dembinski's condition was such that a successful operation was impossible.

It is thought that Dembinski at this juncture, flew into a rage and killed his wife to relieve her suffering. After killing Mrs. Dembinski, the alleged murderer is said to have shot Dr. Curtis dead for the purpose of covering up his real cause for killing his wife.

## JUDGE HUESTON QUILTS OFFICE IN GARY TOWNSHIP

GARY, Ind., June 20.—William C. Hueston, for the last several years justice of the peace for Calumet township, tendered his resignation to the Lake county commissioners at their meeting in Crown Point, Monday.

Hueston, who resigned to accept a position as assistant to William D. Mitchell, United States attorney general, will be stationed in the offices of the postmaster general in Washington.

Accompanying Hueston's resignation was his recommendation that William E. Burrus, a former Gary councilman, be appointed as his successor.

Hueston's support of Burrus is regarded in G. O. P. political circles here as "clenching" the appointment for the former councilman. He is opposed by Benjamin J. Laube, republican nominee for the place. So far, six letters have been received from influential Negro politicians in support of Burrus.

Supporters of Laube have pointed out that if the commissioners name Burrus to the vacancy created by Hueston's resignation, the board will not be following the precedent it established when it

## AGENT BARES RED PLOT TO INCITE NEGRO

COMMUNIST PARTY CONSPIRE TO OVERTHROW AMERICAN GOVERNMENT, SAYS JUSTICE DEPARTMENT

WASHINGTON, June 20.—The American Communist party is charged with having organized a special committee to incite revolutionary activities among American Negroes. A statement to this effect was made by J. Edgar Hoover, chief sleuth of the Justice department before the house communist investigation committee.

What was said to be "a large amount of confidential information and a mass of material dealing with revolutionary activities of the communists in the United States," was given by Mr. Hoover, who appeared before an executive session of the special committee.

Mr. Hoover, it will be recalled, has been in the department since the days of Atty. General Mitchell Palmer's famous communist raids.

Chairman Fish of the house investigating committee in a recent statement, said Hoover "demonstrated the direct control of the Third Internationale, with headquarters at Moscow, of the Communist Party of America, and reported the discussions in Moscow by the working committees of the Third Internationale of ways and means of counteracting the influence of the American Legion, Boy Scouts, and the American Federation of Labor, and how to stir up discontent among the unemployed American wage earners, and to incite racial antagonism among the Negroes."

Fish quoted Hoover as saying: "The Communist Party of America has organized a special committee to incite revolutionary activities among the Negroes, and to send selected Negroes to Moscow for special communist training for world revolution."

## LIQUOR HIDDEN IN WASHTUB IS FOUND BY COP

FT. WAYNE, Ind., June 20.—Madeline Moore of 134 Horace street, was arrested late Thursday night of last week in a liquor raid conducted by local police officers, a deputy United States marshal and a federal agent.

The officers made the raid for narcotics but did not find any drug in the house.

The raiding party divided into two sections and entered the Moore woman's house from the front and rear at the same time. A half gallon of moonshine whiskey hidden under a washtub that was hanging on the outside of the house was found by a plain clothes member of the raiding party. Willie Hobson, who was arrested when he entered the house during the raid was charged with loitering. In searching Hobson, the officers took a large knife from his pocket.

## HOOVER SIGNS WAR VETERANS' PENSION BILL

WASHINGTON, June 6.—President Hoover has signed the bill increasing the pensions of all Civil war veterans.

The bill increases to \$75 monthly the pension of veterans who formerly received \$65. Those receiving \$72 and \$90 will receive \$100 under the bill.

Widows who formerly had to be 75 years of age to get a \$40 monthly pension now may get it at the age of 70.

named W. H. Olds, Republican nominee, to fill the vacancy caused by the death of W. J. Fulton, former board member.

It is said that the former Calumet township justice of the peace plans to leave Gary for his new official domicile early in July.

## Bootlegger's Pals 'Gang' Gary Officer For Liquor Raid

GARY, Ind., June 20.—One man was shot in the left thigh and Jim Garner, East Chicago policeman, was badly battered Wednesday afternoon of last week when a group of more than twenty men "ganged" the officer for arresting an alleged bootlegger a few days previous.

The man injured in the "gang" fight was Colbert McGee, McGee, who was shot in the left thigh, in a struggle for Garner's revolver, is in St. Catherine's hospital, where it was said he will recover.

Garner said he was walking his beat when he was pounced upon by his assailants for arresting Mose Upshaw, an alleged notorious bootlegger. The latter was one of his attackers, the officer said.

McGee is accused of having dealt the officer a blow in the jaw while taking the lead in an argument that preceded the mass attack. When Garner reached for his gun, it is alleged, some half dozen of his attackers started pummeling him. In the struggle, McGee was shot.

## 3 CONDEMNED MEN IN SHADOW OF CHAIR, SAVED

EDDYVILLE, Ky., June 20.—After waiting through the long and dreadful night awaiting what is regarded as certain death in the electric chair three men were granted stays of execution, after they had heard the deadly whirr of an electric motor, that sent a colored man and a white to their last reward.

**Two Executed**  
J. L. Hught, state pardon commissioner, read Governor Sampson's indefinite stay of execution for the three men, Lloyd Williams, 24; John Keller, 27, and James Grigsby, 38, after Ballard E. Ratcliffe, 35, a white man and Richard Edmonds, 36, colored had been executed. Official witnesses and newspapermen at western state penitentiary were waiting to see the execution of Grigsby's execution when the order was read.

Ratcliffe, died first. Life was extinct at 12:33 a. m., five minutes and 45 seconds after the first shock, Edmonds was pronounced dead at 12:33, three minutes and 30 seconds after the first shock.

The two men met death calmly. Ratcliffe, who earlier in the night flung aside his crude mask of insanity and had declared he was ready to die, said, jerkily, "I'll meet you in glory." Four shocks were required to end his life, despite his slight physique.

"I'll meet you in heaven," Edmond said before the chaplain's prayer. Only two shocks were required.

**Believed Innocent**  
There was no demonstration from the other three men as Warden Gumm told each one his life was saved for a time at least.

It was believed the recent statement by Edmonds' taking the blame for slaying Harry S. Long, a Louisville nightwatchman, and exonerating Keller and Grigsby had saved their lives.

William was convicted in another Louisville robbery and slaying, that of H. R. Porter, a filling station manager, and recent developments had raised doubts in the governor's mind as to whether he had been properly identified.

Ratcliffe was convicted of the murder and robbery of William A. Nuse, an aged carpenter, slain with a hammer as he placed floors on his wife's grave in Louisville one Sunday morning in May, 1928.

**Ft. Wayne Citizen Appeals Sentence**

FT. WAYNE, Ind., June 20.—Seno Brown, of Douglass and Barr street, was fined and sentenced in city court Thursday of last week, for charges involving assault and battery and malicious trespass.

Brown was fined \$10 and costs and sentenced to sixty days at the State penal farm on the first charge and was given a similar sentence with the jail term suspended on the second.

**GARY CITIZENS HEAR CONGRESSMAN DE PRIEST**

GARY, Ind., June 20.—Oscar De Priest, congressman from Illinois, spoke here Monday night at the Froebel school auditorium. The meeting which was under the auspices of the Y. M. C. A., was open to the public.

## THROGS EXPECTED TO ATTEND 100 MILE GAS DERBY HERE ON JULY 4, WALLACE, WIGGINS ENTER

**Rum Law Violator Is Nabbed By Cops**

GARY, Ind., June 20.—Gary police raided an alleged speakeasy Wednesday afternoon of last week and arrested Thomas Sturgis, age 26, on liquor law violation charges after confiscating a pint of moonshine whiskey. Four men found in the resort at the time of the raid were questioned and released. Mrs. Anna Davis was booked as a material witness.

## SWEETHEART KILLER DIES IN ELECTRIC CHAIR

WASHINGTON, June 21.—Andrew J. Hawkins, 33 years old, murderer of his sweetheart, Ruth Watkins, here on December 22, 1928, died in the electric chair at the District Jail Thursday morning at 10 o'clock for the crime.

With a show of bravery the like of which never has been witnessed before by jail attaches who have seen a score or more executions, the slayer took the final penalty before a small group of witnesses composed of jail guards and officials and four newspaper men.

Hawkins literally went to his death with a smile on his face, leaving a statement with jail officials telling them he "forgives all" and asks "to be forgiven." He walked steadily from his cell, the first in "death row."

While he was being strapped in the chair, the Rev. James L. Pinn of the First Baptist church, 1634 S. street, sang the same song Hawkins had been singing in the cell a few minutes before, "When The Morning Comes." As the minister sang, Hawkins kept time with his left hand on the arm of the chair and the rubber carpeted floor with his bare feet.

Capt. M. M. Earnard, superintendent of penal institutions for the District of Columbia, who was witnessing his twenty-sixth execution, said he never had seen a man go to his death in such an inspired way.

Hawkins arose at 5 o'clock and ate a hearty breakfast. He amused himself in the cell until about 7 o'clock, when Rev. Mr. Pinn arrived and took his final statement. Then he was read the death warrant by Col. Peake. Immediately afterward, at about 9:30 o'clock, with the electrocution schedules for 10 o'clock, he called to him. They stood outside his cell and sang "Throw Out The Lifeline" and "My Mother's Prayer Will Follow Me."

Hawkins thanked the quartet and borrowed one of their song books and began singing lowly, "When Morning Comes."

Four minutes after the first flow of current was thrown into the electric chair, Hawkins was pronounced dead by Dr. A. J. Connelly, acting jail physician.

## MILLER-LYLES GET DUE CREDIT

NEW YORK, June 20.—Credit for some of the mirth-provoking remarks of the popular Amos 'n' Andy should go to Miller and Lyles, the colored comedians of "Shuffle Along," and other Broadway successes. This statement is made in an article in the Daily Mirror signed by Mark Hellinger and summarized by the N. A. A. C. P.

Mr. Hellinger states his belief that Amos 'n' Andy "are cashing in very heavily on something that the Messrs. Miller and Lyles originated many years ago. It is surprising to me that Miller and Lyles haven't registered a squeal long before this." Of the remarks made for years by the colored men and now used by the white blackface pair, Mr. Hellinger says they are "so similar in fact, that the resemblance is almost uncanny. If Miller and Lyles were substituted for Amos 'n' Andy some night, I would defy anyone to detect the difference."

As the time approaches for the running of the 7th Annual 100-mile race on July 4th, race drivers throughout the middle west are handing in their entry blanks, and there is a likelihood that many new faces will be seen in the lineup as the speed demons face the starting wire, although not formally announced, another "Mystery Car," is one the schedule, to be driven by a mysterious woman from the "Sucker" state, said to be the first woman to ever seek entry into such a race, and as women equal or excel men in a great number of other sporting events, there is no good reason why they can not do the same in an auto race.

The association not unmindful of the strenuous economic conditions, is planning to handle the largest crowd that ever witnessed the 100 mile speed classic, for as Mr. G. N. T. Gray, secretary-manager of the association points out, the notwithstanding conditions the race on May 30th drew more people with a large paid admission than any race previous, and the fact that many have said that they get a greater number of people than ever before.

Many new features have been added and rules have been revised in regards to meeting the present conditions and handling the spectators many who assisted in the 500 mile race have been added to the association's staff, thus, the officers and directors are seeing to it that no detail is overlooked in assuring the sport-loving public that they will be well pleased, perfectly entertained and absolutely satisfied, with their \$50,000.00 Fourth of July attraction.

Word has been received from most every center in the state to the effect that hundreds of buses have been chartered and thousands have voiced their intention on spending the Fourth of July in the city, to see the great auto speed show, Terre Haute, Evansville, Jeffersonville, New Albany, Lafayette, Ft. Wayne, South Bend, Gary, Kokomo, Muncie, Anderson, Marion, West Baden and French Lick are expected to send large delegations. In fact, throughout the confines of Indiana and the middle west, thousands are preparing to take up the trail to the "Cross Roads of America," many who will go to Philadelphia to witness the Godfrey-Carnera fight will return by the way of Indianapolis and wait over for the race. There has never been in the history of the race, such a large demand for reservations as it has this year. The five force has been taxed to its capacity in keeping up correspondence. Mr. Frank R. Beckwith, who travels the state from the Ohio river to the lakes and from the Illinois to Ohio boundary lines, finds that the utmost thought in the minds of the thousands which he comes in contact with, is the 100 mile race. So, from all indications, the smooth winding ribbons of concrete comprising the mighty and unlimited highway system of the great commonwealth of Indiana, will be lined with dust-laden automobiles and buses, filled with enthusiastic sport hunting persons, trekking their way into the state capital, the center of Hoosier hospitality, augmented by the thousands who will come by traction, rail and plane, to witness the greatest dirt track auto race in America.

# CITY OF CHICAGO IS STORMED BY SUNDAY SCHOOL TEACHERS

CHICAGO, June 20.—(ANP)—While the Sunday school was recognized as a potent factor in the life of the youth of the group and nation, there is a necessity for devising ways and means to make it more attractive to the youngsters and adults and of more practical benefit, was one of the decisions reached at the twenty-fifth annual session of the Sunday School convention of America, which was in session here Wednesday morning, until Sunday afternoon.

Interest has been rampant in the daily sessions which were held at the Ebenezer Baptist church, 45th and Vincennes avenue, of which Dr. C. A. Clark is the pastor. Delegates numbering more than five thousand and from practically every state of the union, began arriving Tuesday afternoon, and reached the climax early Wednesday morning when the "Congress Special," headed by Henry Allen Boyd, general secretary of the convention, arrived from Nashville, Tennessee, and "points south."

Little time was wasted in sight-seeing and getting ready. Preparations had been minutely carried out by the committee here and when the hour of assembly arrived

the church was packed and from then on at every session seats were at a premium.

Every problem faced by Sunday School teachers, superintendents and those interested in the religious development of the youth was discussed and solutions attempted. Theoretical solutions were offered and discussed in the various departments and on Sunday morning just how these theories would work was demonstrated in a Model class held at the headquarters of the congress.

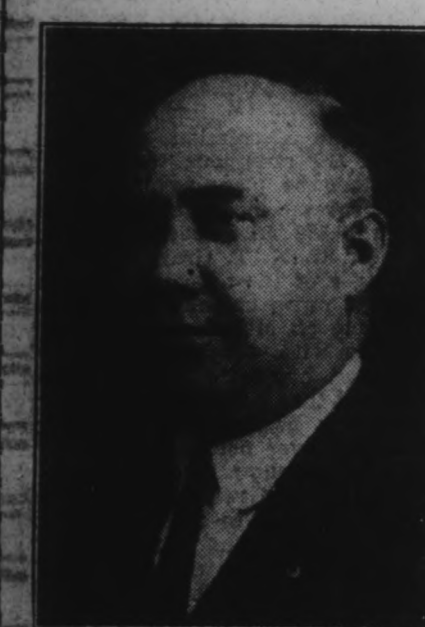

The meeting and the accomplishments have been declared to be the most significant in the twenty-five years of the organization. There was more interest manifested in the workings of the convention which devoid of petty political bickering and unpleasant situations. There was a job to do, and the delegates stuck to the task until it was done.

According to the report of Secretary Boyd, the organization is growing rapidly and the Sunday Schools of the Baptists are attracting more students constantly, but until there is a hundred per cent attendance, efforts must be made to influence the uninterested and indifferent to join the huge army.

# BOND BREAD NOW MADE IN NEW PLANT

Marking an important advance in the commercial and industrial development of Indianapolis as an economic center of the Middle West, a new baking plant was formally opened in the city at 313 West Vermont street on Tuesday, June 10, by the General Baking Co. The new bakery represents one-half a million dollars worth of enlargements and structural alterations which practically double the size of the company's previous plant on the same site, Philip Devenney, who has a broad background of active experience in the baking field, will direct the operation of the new plant as manager.

PHILIP DEVENNEY.

Commencing with the opening of the new bakery, the General Baking company introduced to Indianapolis and the neighboring communities its nationally known loaf of Bond Bread, which is now being uniformly baked and distributed to more than 1,000 communities throughout the country, representing the result of a large sum expended in baking equipment, research and experiment before the loaf was finally adopted for national distribution. Bond bread is known as the "home-like" loaf because of its firm texture. For this reason, Bond is not like ordinary "soft or spongy" bread. It is more substantial and baked firm as it leaves the oven, an entirely new loaf to Indianapolis housewives.

The new bakery, which will have a capacity of 4,000 loaves of bread an hour, or approximately one every second, is equipped with all the latest machinery and equipment developed by science, to

insure the maximum efficiency in handling the large production. Artificial "weather" created by a new refrigerating and humidifying system will be used to maintain the proper uniform conditions of temperature and humidity in the dough room and other parts of the bakery.

Other features are a specially constructed chamber for the conditioning of flour; special rooms for the mixers and dividers, and a travelling oven in which the temperature and speed are exactly calculated for each second. Even the wax-paper wrapping of the finished loaves will be done by modern machinery. All the rooms are dust-proof by the nature of their construction.

Representing the culmination of years of expansion, this latest plant of the General Baking company for the production of Bond bread is the forty-sixth in the company's nation-wide organization. Indianapolis was selected as the logical place for this newest and most modern of their bakeries, according to the officials of the company, both in view of its prominence as a key city for distribution to the surrounding territory and because of its steadily increasing prestige as a commercial center.

"In planning our bakery in this city, we have made every effort to make it a model bakery, incorporating every modern device and improvement for the production of Bond bread," said Mr. Devenney. "The equipment throughout will be of the most approved type, in accordance with the consistent policy of the company, and with the cooperation of many prominent local firms, we believe it is one of the finest plants of its kind in America."

"The home-maker today realizes that good bread is not merely something to appease the appetite, but is the most efficient energy-food that she can give to her family, and at the lowest cost," said Mr. Devenney. "For that reason, the kind of bread is highly important from the standpoint of health."

Taste, of course, Mr. Devenney concedes, determines our selection first of all. Obviously the same standards do not apply to the different varieties we class generally as bread—corn bread, whole wheat bread, brown bread, or white bread. Even in white bread some prefer the softer, more spongy loaf, and others, the firm, substantially textured loaf which resembles the kind "Mother used to make." But, in every case, the primary consideration, from the standpoint of the dietitian, is, first, the purity of the ingredients, and, second, the method of baking.

Flour, to insure the maximum food value, must be carefully selected. Milk, which supplies calcium for building bone-structure and sound teeth must have the proper content of cream or "butter fat." Pure grain yeast, salt,

with its iodine content; granulated cane sugar, which is one of the quickest sources of energy, are other ingredients important to health. Even the water used in the bread, he points out, should be filtered and analyzed.

"These are some of the reasons," said Mr. Devenney, "why the efficient housewife today prefers to buy her bread rather than bake it herself. In the modern bakery, scientific devices and large scale production can insure the fullest flavor and nutrition for every loaf. In the new General Baking company bakery, opened in Indianapolis on June 10, building, equipment and the sequence of operations are all arranged to create ideal conditions impossible to maintain in the average kitchen and produce a home-like loaf of assured food value and uniform quality."

# THE NEW INSTITUTIONAL CHURCH

We, the undersigned, join with others of the general public in extending congratulations to the Institutional Church and its courageous pastor, Dr. Charles Sumner Williams on their remarkable progress in the organization, growth, purchase and renovation of their new church home on Senate Avenue at 14th Street.

Our hopes are high for its future; the Church has our best wishes for great success. If it fulfills its tremendous program, Negro business and labor will be greatly helped.

Dr. Williams has ably championed the cause of Negro business for years. God grant that the Institutional Church will continue its co-operation and live long.

AMERICA'S BEST NEGRO DRIVERS TO ENTER BIG AUTO CONTEST IN SUNDAY EVENT

Everything keyed up to a go ahead hitch for the big professional auto races to be run, rain or shine, Sunday afternoon at Walnut Garden speedway.

Race fans are being urged to reach the scene of what promises to be one of the most sensational auto races by going twelve miles out State Road to 67, then turn to the right to the Speedway.

Four big races, featuring America's most noted drivers, will be the attraction for race fans.

Among the drivers who will be in the contest are: Charles Wiggins, William Buckner, W. Patterson, Lawrence Patterson, and others.

The grand stand has just been fully overhauled, and put in shape to take care of a crowd which the management thinks will more than measure up to expectations.

The tracks on which an elaborate amount of work has been recently done, now presents the appearance of a first class race course.

The auto races at the garden speedway, which are calculated to entail many sensational features and go on record as the fastest races ever staged on the beautiful course.

Indianapolis Golfers  
Club Tournament

Arrangements are being made by Dr. Homer Wales, president of the Douglass Park Golf club; Morris R. Taylor and H. E. (Dick) Jones for an inter-club tournament to be played at Douglass park course between twenty players from the South Grove Golf club and a like number from the Douglass Park club. Mr. Harry Schopp, manager and pilot of the South Grove course has offered prizes for the low scores.

This match, the first of its kind to be staged between white and colored golfers, promises to give the golf fans some real sport. The exact date of the match will be published next week. Mr. Wheeler, course manager of the Douglass Park course, is being highly congratulated for the efficient way in which he is handling the course. Manager Wheeler is credited with giving his full co-operation to the players in anything that makes for the improvement of the course and playing conditions.

A match played Sunday in which Doctors Lewis and Wales played Dick Jones and Morris Taylor, ended with the M. D.'s going down to defeat. The contest, however, was hard fought from start to finish with both sides showing wonderful skill with the hickory and gutta percha. For a while it seemed that it would be necessary to go into an extra stanza. At the sixteenth, Jones and Taylor had their opponents one down with two to play. At this time Jones came through with the shot of the day, placing a second spoon within eighteen inches of the cup which he sank for an eagle three, (par on the hole being five), giving him and his partner the match two up and one to play.

If you make an unusual shot, have any interesting matches, know anything that is of interest to golfers, shoot it in to The Indianapolis Recorder.

Jewel's A. B. C.'s To  
Play Night Game

The much discussed Night baseball innovation will draw large crowds of local fans when Warner Jewel's A. B. C.'s, play a fast team from the rival city to the south, the Louisville Black stars, July 4th.

An auspicious grand-opening of the A. B. C.'s, night game program is planned. City dignitaries, prominent business and professional men, the clubs president, Mr. Warner Jewel, secretary, Mr. E. J. Butler, the visiting team as well as the local boys will participate in a street parade. Upon reaching the Washington Ball park a popular band will entertain with a spicy band concert.

The A. B. C. Club owners are sparing no effort to give to the public on the night of July 4th a Never-to-be forgotten opportunity to see night baseball at its best. They are making preparations for an entertainment of a large crowd. The Indians have drawn 12,000. The lure of the night attraction should do equally as well for the colored stars. Prices are 25, 50 and 75 cents. Box seat reservations can now be made at the office of The Indianapolis Recorder.

Saturday June 21, the A. B. C.'s, will be seen in a game with the Cleveland Union Tigers, game starting at 3:00 p. m. Sunday a double-header is on the card with the same boys, game at 2:00 p. m. The A. B. C.'s, are determined to take the lead. It'll be worth while seeing them brave it out.

MAX SCHMELING  
AND SHARKEY TO  
FIGHT AGAIN

NEW YORK, June 20.—With Jack Sharkey facing punishment under the stringent foul rules of the state athletic commission, the upshot of all the furor points to a return match between the battling American and his German contender for the pugilistic crown, according to William F. Carey, president of Madison Square garden.

Mr. Carey told Sharkey's manager immediately after the fight that he would be ready at early date to discuss promotion of another contest here.

The contemplated return bout, according to fight fans, is scheduled for sometime in September to attempt a final settlement of the heavyweight chaos.

The commission sometime ago decided automatically to suspend a fighter for sixty days for first local offense in fouling an opponent, also to pay him on a prorata round basis.

Sharkey and Schmeling, splitting 50 per cent of the net gate of \$700,000 each would collect around \$175,000 or nearly \$12 per round. Should the commission attempt to enforce its rules, Sharkey would get only \$48,000 for the four rounds that the contest lasted. Schmeling would not be penalized.

GEORGIA MAN  
16TH SPINGARN  
MEDAL WINNER

NEW YORK, June 20.—The 16th Spingarn Medal, awarded annually to a United States citizen of African descent for most distinguished achievement in some honorable field of human endeavor, goes this year to Henry A. Hunt, of Fort Valley, Ga., "for twenty-five years of modest, faithful, unselfish and devoted service in the education of Negroes of rural Georgia, and to the teaching profession in that state. In the face of great difficulties he has built up an excellent school and has at all times advanced the cause of his race with tact, skill and integrity."

The Medal will be presented to Mr. Hunt at the 21st annual conference in Springfield, Mass., of the National Association for the Advancement of Colored People, June 25 through July 1. The presentation will be made on the closing night of the conference, July 1, by William Allan Neilson, president of Smith college.

Henry A. Hunt was born in Sparta, Ga. He is a graduate of Atlanta university, for several years he taught at Biddle university now known as Johnson C. Smith university. From there, twenty-five years ago, he went to Fort Valley in middle Georgia, and took charge of the Fort Valley High school. His efforts have been directed mainly to the encouragement of rural education among Negroes of Georgia.

GEORGE GODFREY PROCLAIMED  
HEAVYWEIGHT HOPE OF U. S.

NEW YORK, June 20.—(ANP)—With the decisive defeat at Detroit Thursday night, via the knockout route of K. O. Christner, the Akron (O.) heavyweight, by the carnivorous Carnera, Italy's man-mountain asplint for the highest honors in the pugilistic world, it became apparent that in the place of the Statue of Liberty it might become necessary for America to erect a pedestal at the entrance to New York whereon would be placed the figure of one George Godfrey challenging all foreign challengers of the fistie supremacy of the "land of the free and the home of the brave."

Carnera's fourth-round knock-out of Christner was the eighteenth of his American invasion and it was accomplished before 18,000 spectators who agreed that Christner gave all that was in him. His all was not enough. The giant Italian took a couple of rounds to solve Christner's style and to learn how to defend his bread basket. Then he waded in the final round to end the evening's ceremonies.

The Christner bout had been hailed by the country's press as a sort of real test for Carnera. Most of his other bouts, it was said, had been against hams, setups, and gladiators who were willing to take a dive if sufficient cash inducement were offered.

But it was claimed that Christner was not a ham, a setup or a diver, and that if Carnera got by him he would establish himself as a prizefighter.

Well, Carnera got by, and the so-called big guys of the fistie game who have been making fun of him, and holding themselves in a class above him, now must realize that the Big Fellow is knocking at their door and they will soon have to answer.

Carnera's next fight is with George Godfrey, the Leopard of Leipersville, Pa. The fight is to be staged in Philadelphia. Godfrey can get few fights with any of the native sons, but is now to be used as an emergency wheel horse to test out this foreign invader.

It is probable that Carnera doesn't relish this next dish which is being served to him on June 23. His luck against colored batters hasn't been any of the best. Bombo Chevalier, out in

California, was giving the Italian gentleman plenty of trouble, until he received direct orders to lay off. One colored fighter told of receiving a high cash offer to do the aquatic stunt in Philadelphia, once before the signer received a five-round thrashing before he disposed of his colored opponent in the sixth round.

In meeting Godfrey Carnera is tackling the toughest of the tough. There is little disposition to dispute the claim that Godfrey, though a bit past his prime, is the best fighter in the world today. He weighs 240, almost as much as Carnera's 265 pounds, and is the fastest of the heavyweights.

Godfrey's best friends, however, have always been afraid that he is too kindly as a fighter. He seems to lack the killer instinct, and it is said that a rough man can whisper in his ear and frighten him. The outcome of his fight with Carnera will probably depend upon whether he enters it with the determination of whipping Carnera or just mildly hopeful that he can keep from being whipped.

At any rate, judged by the present stock of heavyweights, Sharkey included, Godfrey looks like the only factor between Carnera and the pugilistic conquest of the grand old U. S. A.

**NEGRO SUFFRAGE**

Suggestion that the United States Senate, through a committee recently authorized, may go into the entire question of the vote in the south and the disfranchisement of colored Americans, was recently advanced.

The suggestion was contained in a lengthy dispatch to the New York Herald-Tribune by its Washington correspondent, Mark Sullivan.

Mr. Sullivan thinks that the political situation has been focussed by two recent events. One of these, according to the correspondent, is the defeat of the efforts to confirm Judge Parker as an associate Justice of the Supreme court.

In his dispatch to the Herald-Tribune of last Sunday, Mr. Sullivan says in part:

"There are two events that, combined, cast a political shadow tho' what the shadow portends does not seem to be recognized by many whom it will most concern. One event is the defeat of the confirmation of Judge John J. Parker of North Carolina, to the Supreme court, which defeat was accomplished more than by any other agency, by the National Association for the Advancement of Colored People."

Included in Mr. Sullivan's dispatch is the statement that the latter association "will focus its energies on conditions affecting Negro participation in Democratic primaries in southern states can be taken for granted."

The writer characterized the adherents of the National Association as mainly "liberals," and is noticeably diplomatically careful to observe that the organization embraces all shades of opinion.

Continuing the Herald-Tribune writer states that the pressure on Congress may be expected to increase in favor of supervision by the senate of southern elections, and adds: "If a means of stirring up the matter of Negro suffrage in the south were not at hand the National Association would be likely to find it or invent it."

Concluding the writer said: "That mandate — so some southerners are just beginning to realize — would seem to be broad enough to include authorization to consider the conditions affecting Democratic primaries in southern states. And if the language which Senator Norris wrote into this particular resolution should not be broad enough, nevertheless, the resolution is a precedent which, as surely as parties and factions rotate in power, will some day lead to northern senators taking this resolution and this present activity of Senator Nye's committee as a precedent upon which such northern senators will bring about the creation of a committee directed specifically to investigate the conditions affecting primaries in some southern states."

**PROGRESSIVE MOVE**

A recent Cleveland (O.) dispatch to The Indianapolis Recorder contains the refreshing information that Negro physicians and nurses will be admitted to internships and nurse training at the City hospital of that city. And what is equally important when the new incumbents assume their respective places and individual responsibilities at the Cleveland institution, they will do so on an equal basis with appointees of other races. A statement to the latter effect is credited to Cleveland's progressive director of public health and welfare to the hospital committee of the Cleveland Medical association.

That there will be no limitations or restrictions as to hospital privilege is another condition upon which Negro professionals will be admitted to practice in the Ohio City hospital.

The move is interpreted by Cleveland citizens as being the result of a resolution passed by the council last January. The city manager was instructed by council to take steps to see that opportunities are not denied citizens to become members of the City hospital staff because of race or color.

Such a resolution is an effective embodiment of a broad conception of what is meant by fair play and a square deal.

The step taken to open the doors of Cleveland's many opportunities to all its citizens is desirably democratic in spirit. It is also a clear evidence of the fact that in the policy of Cleveland's city administration, there is less of absurdly narrow prejudice and more of common sense and desire for a greater sympathy of purpose among the races.

Cleveland's citizens have every reason to be proud of the character of their city officials into whose hands are relegated the interests of the City's welfare.

**Our Contemporaries Say**

Other major or American cities would do well to be guided by the grand principles set forth by the Cleveland administration. It can not be denied that the step is not only one in the right direction, but one which embodies much wholesome inspiration for worthy citizens.

**GARVEYISM AND THE NEGRO**

Where does the Negro stand in the world of thought, action, leadership and achievement of today? To attempt an answer is futile.

The Negro's thought, action, leadership and achievement do not amount to anything today, for he is self-centered, selfish, pleasure seeking and too near sighted.

The Negro's actions are childish. At most they are emotional outbursts, not a logical and thoughtful execution.

The Negro's leadership is petty and parochial. It is afraid of the winds of the world, afraid to get chills.

And the achievements of the Negro with a background of such thought, action and leadership are what they should be—actually nothing!

But — all is not despair in the life of the Negro race. Every dark cloud has a silver lining!

In the midst of what looks like a hopeless situation there is one dynamic force in the life of the Negro race and that is GARVEYISM.

Why is Garveyism a dynamic force? Why is it a redeeming force?

For Garveyism is based on original and correct thought, its action arises out of a well-thought-out program, its leadership is nourished and inspired from an international outlook. And as soon as traitors and backsliders are eliminated from within, Garveyism is going to bring forth a rich harvest of achievement.

Garveyism is to the Negro race what Sun Yat Senism is to China, what Zagazeulism is to Egypt, what Kemalism is to Turkey, what Gandhism is to India. As long as one Negro believes in Garveyism there will ever be hope for the Negro race.

Local politicians fail to understand Garveyism, for they are looking forward to a few petty jobs for themselves and for a few "pretty" girls. If the politician is big enough he may even get his neighbors front yard cleaned up or even a new post office erected. But these little fellows do not know what it is to fight for freedom of a great race like the Negro race, for the liberation of a great continent like the continent of our beloved Africa.

Here's where Garveyism transcends all petty politics. Its concern is not with street-cleaning, nor with securing a post office. Garveyism is concerned with regaining the FREEDOM for the Negro and establishing an INDEPENDENT GOVERNMENT in Africa.

Garveyism works through intuition, through inspired courage, through sacrifice and suffering.

Garveyism is unafraid, insistent and persevering. Failure? Garveyism does not know what it is. Success? It is sure to achieve.

If petty men fail to understand what Garveyism stands for, what its mission is, it is their own fault, not that of Garveyism.

The Negro race can be liberated, Africa can be redeemed, not by local politicians, but by Garveyism and Garveyism alone.

**—THE NEGRO WORLD.**

**"THE CRUSADE FOR JOBS"**

The Philadelphia Record points out that in 123 cities corporations contributed 22 per cent of all funds raised for organized welfare work last year. Paul D. Cravath, chairman of the National Bureau of Economic Research is quoted as follows:

"Corporations are beginning to see that the preservation of human health and happiness, and the betterment of social standards generally in the communities in which they operate, is not mere aims giving, but legitimately and logically a recognized part of the cost of doing business."

Perhaps the corporations should be commended for their munificent contributions to welfare organizations. Under our present economic system it may be difficult to arrange a plan which would make unnecessary large contributions to "charity."

While the TRIBUNE does not believe that wealth will ever be evenly distributed among all the people, huge fortunes and abject poverty is certainly not an ideal arrangement. We are not so positive that equal distribution would promote the best interest of civilization. We are positive, however, that big business must work out a plan whereby thousands of anxious workers may secure gainful employment if civilization is to progress toward its ideal.

It is very peculiar that big business is willing to contribute millions to charity when it refuses to spend those same millions in higher wages and shorter hours. And in most instances the charity contributions would be unnecessary if big corporations would cut down their working week and give employment to more people.

If, as Mr. Cravath says, these contributions are not mere aims giving, but legitimately and logically a recognized part of the cost of doing business, would it not be better to distribute it in the form of wages than earmarking it aims? We think so. To permit a man to earn his living makes him a better citizen. Any person who feels that he is an object of charity loses his self respect. Then, too, it would add no additional cost to business.

We are afraid that the corporations are like some individuals, they want to feel that they are giving poor unfortunates something. As a matter of fact they are doing no such thing. They want to boast about how big hearted they are. The method suggested above would take away some of this pleasure—but so long as business follows its present system, it will have to make larger and larger contributions to charity.

**CRUISING AROUND**

By LEE JAY MARTIN

This week, a week of "big" news, because big folks are concerned. And concerned adversely, concerned otherwise, it would just be "news."

We regret the idea of one of our leading ministers being implicated in a dark plot of murder—as the majority of citizens are interested in seeing humanity ascend.

As a certain group of people, we naturally feel more interested than others, and also feel a degree of humiliation, but we should not bow in shame, for if there is a disgrace, it is Rev. B. J. F. Westbrook's disgrace and not the race's.

The wise old elephant, the largest animal in the forest, moves unafraid against his largest enemies, but shies at the "little" mouse, knowing that it is the "little" things which hurt. A man might fall over a brick, but he would never stumble over a mountain.

I am no jury, nor am I one of those honored sirs which so many unwillingly say "Good morning," to, but I know that the Rev. Mr. Westbrook is not guilty until proven guilty, and I don't think that will happen, for our front-rank men, able to see sin from afar, and worldly wise as they are, know beyond a semblance of a doubt, that they cannot lead by marching with that "gang" in the rear.

However, we hope that the elder has been wrongly accused, and that his saintly garments will be cleansed of the stain, that the confidence reposed in leaders shall not be lessened.

Lieutenant Owens, an officer in the United States Reserve Army corps, was stopped and questioned by Sergeant Falest of the city police department because he was wearing a United States Army uniform. A complaint against the sergeant by the lieutenant was dismissed by the Board of Safety.

Any Negro wearing a United States Army uniform without being forced to do so, should not be harassed, but glorified.

The Haitian Educational commission consisting of Dr. R. R. Moten and men of his equal are now in Haiti, gathering data in order that they may make a "piecemeal" report to the president.

A white man in Florida for no other reason than the fact that he had killed six Negroes and thought that he should kill one more "fore day, pulled out his gun and shot a 55-year-old Negro. It seems as though he has killed the wrong Negro and MAY hang. But that's down in Florida.

The school board has failed to reappoint Mr. Nolcox as principal of Attucks High school, while those who are close to him have good reasons for not wanting him reappointed, but until those reasons are made known and fully digested, Nolcox is alright with most of the parents who have children in the school. Why not the opposing forces hold a referendum, and abide by the decision of the parents.

Judge Hueston, the nationally known justice of Gary, Ind., has been appointed to the legal department of the Federal postoffice.

**Will Nordic Art Stultify Negro's Soul?**

By KELLY MILLER

To correct a misapprehension due to a typographical error in my last release, I will restate that the Negro face and features of the Sphinx and the Indian statue on the dome of our capitol, are but symbolic portrayals of the exploited race by their disposers, and do not represent their genuine artistic models.

Dr. Edward Wilmer Blyden, the Liberian scholar, was the first thinker to point out the blighting effect of Aryan art on yellow, brown and black peoples. The white man makes an artistic fetish of color before which he falls down and worships as heathen before his graven God. God and the angels must be white, else there is no heaven for him. The dominance of whiteness in art is synonymous with rise of the Nordic influence and control in world affairs. Shakespeare, looking backwards over hundreds of years of Latin social polity, can hardly hide his Nordic disdain for a hero different in "color, clime and degree." If Paul Robeson is permitted to appear on the American stage, in the role of Othello, it will be under non-Nordic sponsorship and patronage. As Dr. Blyden plainly points out, there is little or no racial poison in the great Greek, Latin, Hebrew and oriental literatures. But the moment one reaches the line of Latin demarcation from the Nordic cult, the color line in literature and art begins to assert itself. Shakespeare is the poet of physical beauty. Give him a rag and a bone and a hank of hair, and he will portray the ideal lady. Only the features must be fair and the hair straight.

Strait hair and fair face are the sine qua non of Nordic portraiture. But what of those who feature not fair and whose hair is not straight? It would be easiest to say that they are in artistic hard luck. There are two ways of escape, one of which is

None better could have been selected. Thus, through the sand dunes, the light is gleaming on the banks of the lake far away. Will it be as effective burning on a line with the turn-off switch in Washington, as it was burning on a line with no turn-off switch?

I see by the papers that Wall Street, the richest financial center in the world, where money is seldom seen, had another crash. I can't see for the safety of me, how those walls can crash so often after they once fall.

With Ed Gordon holding the broad jump record, a lad from Kansas holding the discus throw record, Young Jack Thompson holding welterweight championship, and several other star athlete performers, comes now George Godfrey after the heavyweight championship.

If Godfrey defeats Carnera, which I don't think he will, he will be the real heavyweight champion, and as Mr. Brisbane would say, better by a \$100,000 than Jack and Max tied together.

Starting as a hash house counter man, and later a partner in the business with one Sam Zukerman, still later breaking off relations with his partner and starting in business for himself, farther down the avenue—that was about seven years ago. Yesterday, that same hash house man in one of the world's finest cars, passed by me, a millionaire and no doubt all made in the 400 block in Indiana avenue.

But no one can blame Millionaire "Joe" Mitchell for knowing that a fool and his money are soon parted and acting his business down amidst the largest group of them, no more than they could have blamed P. T. Barnum for being a good showman.

Night baseball should be a benefit to Negro baseball. It has one great advantage over the day game. That is, the bleachers seats are just as cool as the grandstand seats.

Connie Day should arrange to play a night game of baseball as a tryout. It may mean another league team for Indianapolis. There should be no fear about seeing dark objects at night, for the park will be as bright as day in most places.

Virgil Cunningham doing a cleaning and dyeing business in one stand for a number of years, has remodeled his place in an effort to show appreciation and further satisfy his large group of satisfied customers. The man who puts some of his earnings back into his business is the man which stays "put."

**"BACK FIRES"**

Now Attucks has no principal. The school board failed to appoint.

Some say it is a palace. Others say it is a joint. Baptist open district session. In this no mean city, Slayer makes startling confession, And O' what a pity.

Judge Hueston is appointed. To a federal position. And it seems like the Garveyites are in a helluva condition.

So we keep on progressing. But O' how slow it seems. Unless it is at the auto race Where speed reigns supreme.

**TEENY, TINY LADY**

Once upon a time there was a teeny, tiny lady who lived in a teeny, tiny house in a teeny, tiny village.

One day this teeny, tiny lady put on her teeny, tiny bonnet, and tied the teeny, tiny strings under her teeny, tiny chin, for she thought she would go for a teeny, tiny walk.

So she walked, and walked, and she came to a teeny, tiny gate, which led into a teeny, tiny field. The teeny, tiny lady opened the gate and walked into the field and there, at the foot of the teeny, tiny tree, sat a teeny, tiny hen.

"This teeny, tiny hen will lay me a teeny, tiny egg for my teeny, tiny breakfast," said the teeny, tiny lady; so she took the teeny, tiny hen, and put it in her reticule, and she went home again.

But when she came to her house, she felt a teeny, tiny tired, so she put the hen in her cupboard and went upstairs to take a teeny, tiny nap. And she had not been asleep so very long when she heard a teeny, tiny voice which woke her, and it said: "Give me my hen!"

Then the lady was afraid, but she pulled the quilt up to her chin and she went to sleep again. But soon she heard the voice again, and it said a little louder: "Give me my hen!"

Then the teeny, tiny lady sat up in bed and she called out in a loud teeny, tiny voice: "Take it."

**BILIOUS**

"About three years ago I had bilious spells," says Mrs. Charles Perkins, 3329 Twelfth Avenue, North, Birmingham, Ala. "When I would let myself get bilious, I would have severe headaches, and feel very bad after one of these headaches. But after I would take Black-Draught, my head would get easy, and it would be some time before I had another spell. I certainly can recommend Black-Draught for biliousness and constipation."

## Many Pretty Affairs For Miss Pritchett

A series of very pretty affairs are being given in honor of Miss Spaulding C. Pritchett, bride-elect. On Sunday, Mrs. Grant Clay gave a tea, assisted by the Misses Murray Atkins, Henrietta Herod, Mary Alice Wells and Helen Hummons. Decorations were in colors of the bride-elect, peach, orchid and blue.

Miss Hazel Alexander entertained at breakfast bridge on Monday. Tuesday evening, Mrs. George W. Cable entertained with a banquet for thirty-five at the Hammond hotel. The color scheme was carried out in the chosen colors of the bride-elect.

Mrs. Guy Corley in North Capitol avenue, was hostess at a High Tea, Wednesday afternoon.

On Thursday Mrs. Amos Thompson entertained in the morning and Miss Nettie Walker in the afternoon for Miss Pritchett.

Miss Odessa Singleton was hostess for a six table luncheon bridge at one-thirty Friday at her home in North Capitol avenue.

Mrs. Ada Timberlake also gave a very pretty bridge party in honor of Miss Pritchett. Prizes were won by Mrs. Charles Baughman, Mrs. Harlan Hicks and Mrs. Anna Pritchett.

Miss Pritchett has chosen for her attendants Miss Mary Alice Wells, who will wear powdered blue chiffon; Miss Grace Cousins of Kansas City, Mo., who will wear lavender and Mrs. Cloyd Belmont Smith, who will wear peach chiffon. The attendants will carry bouquets of garden flowers, roses, delphiniums and larkspur. Mrs. Smith is a sister of Miss Pritchett.

Miss Pritchett, who was a teacher of Latin at Attucks, will make her future home in Newark, N. J., where Mr. Berry is Rector of St. Phillips Episcopal church.

## Time For One-Hundred Mile Race Rapidly Approaching

By MRS. WIGGANS

Maybe it is a common weakness and perhaps it's not, however people with pretty clothes enjoy the opportunity to display them and the 100-mile race at the Fair grounds, July 4, is an excellent time to show them. Sport wear of knit material, linen and shantung, will be quite the vogue, as will be cool fluttering, printed chiffons.

The management announces that this year there will be an added attraction in that a mysterious veiled woman will participate in the race—unique.

And remember, just a few days remain in which to make box party reservations.

## "Gypsy Patteran" To Be Unusual Event

By IRENE HARRIS

During childhood when a band of gypsies came into the neighborhood, there could be no more exciting happening, with their colorful dress, tamborines, bits of colorful cloth to sell and above all fortune-telling. You must come and see what Eugene Cable, the gypsy peddler tells in the fortune of Miss Ada Thompson and Dr. Eugene Williams.

We'll kidnap your worries for one evening if you'll come to Tomlinson hall, Friday, June 20th at 8 p. m.

Miss Jewel McNari of Louisville, Ky., will be the "guest artist" of the evening. Misses Fay Davidson, Bernice McMurray, Melvin Clemmons and Leroy Boyd will be stars of the occasion.

Good music, an amplifier, so that all can hear, and graceful dancers. Don't miss the "Patteran."

## State Baptist Sunday School—B. Y. P. U. Convention To Be Held At West Baden, Next Tuesday

By GABRIEL STANLEY

Church workers of West Baden and French Lick are making extensive preparations for the State Sunday School and B. Y. P. U. conventions to convene in the twin cities June 23 to 27 inclusive.

It is estimated that the conventions which will open next Tuesday and continue until Saturday, will attract an assemblage of four hundred youths of the state representing approximately seventy-eight Baptist churches in Indiana.

The session, which will open with a parade and sight seeing program, will continue with special classes in Bible study and leadership work.

The Rev. G. W. Gore, pastor of the entertaining church, has obtained the newly constructed high school building for the sessions, and arranged for an oratorical contest for young people between the ages of 14 and 21 in connection with the program.

Among the leading church dignitaries who will take part on the S. S. and B. Y. P. U. convention program, will be the Rev. Charles W. Lewis, Kokomo, president of the Sunday school; the Rev. H. A. King of Anderson, president of the B. Y. P. U.; and the Rev. J. T. L. Highbaugh of Indianapolis, director of religious education.

Arrangements may be made for bus transportation by sending reservations in to the Rev. J. T. L. Highbaugh, 1146 Maple street, Indianapolis, before June 21.

## Hints To Hostess

This delicious recipe was contributed by Bond Bread:

**HOT MUSHROOM CANAPE**  
6 rounds French toast  
6 mushrooms caps  
2 tablespoons butter  
1 tablespoon corn-starch  
1/2 teaspoon salt  
Parsley  
Pepper

1/2 cup cream  
1 tablespoon sherry flavoring  
2 hardcooked eggs

Saute mushroom caps in butter five minutes and remove from pan. To butter in pan, stir in cornstarch and seasoning. Add cream and mushrooms, stock made by cooking stems with water, and cook until thick. Add sherry flavoring. On each round of French toast, place a slice of hot hard-cooked egg and a mushroom cap. Garnish with the sauce and parsley, and serve as a first course canape. Bond Bread gives a delicious flavor to this canape.

## Rev. M. W. Robinson, Bethlehem Church Head, Is Outstanding Local Character

One of the most progressive churchmen in the city of Indianapolis, is the Rev. M. W. Robinson, pastor of the Bethlehem Primitive Baptist church at 15th and Yandes streets.

First Collection \$2.05

The Rev. Mr. Robinson, who also, credited with being a most effective expounder of the gospel, came to the Hoosier capital in June of 1921. On June 26 of the same year he established the church above mentioned with only four faithful followers on his list of membership. It may be interesting to note that his first collection in line with his church organization work amounted to just \$2.05.

Two months later this comparatively small group of people under the same and thrifty leadership of the Rev. Mr. Robinson, purchased the corner lot at Fifteenth and Yandes streets, the building on the site of which they remodeled into a church.

Following increases This led to an increase in so rapid

id a growth in the congregation that it was only a question of a comparatively short time when the Rev. Mr. Robinson and his few faithful followers were forced to make arrangements to provide a church large enough to properly accommodate the hundreds of new comers. Hence a very spacious tabernacle was erected, to substitute the over-taxed capacity of its predecessor. The seating capacity of the tabernacle which was dedicated in May of 1923, has long since proved inadequate to cope with the growing needs of the Bethlehem Primitive Baptist congregation.

Brick Church Going Up It suffices to say that the comparatively phenomenal growth in the membership of the church has prompted this great pastor and church builder to purchase two additional adjoining lots to the original one on which is now being erected one of the finest brick churches in the east end of the city.

When completed, the new edifice will have a seating capacity of fifteen hundred.

**Congregation Now 1200**  
In the meanwhile it should be mentioned that the congregation, under businesslike captaincy of the Rev. Robinson, has increased during the nine years of his pastorage from four to 1200. The Bethlehem Primitive church, which has also forged its way to the front rank, is now recognized as one of the leading churches of Indianapolis.

**Prepare Anniversary Program**  
Arrangements are now being completed for the ninth anniversary of the incumbency of the Rev. Mr. Robinson, which will be celebrated by the congregation, June 16 to 23 inclusive.

Roosevelt Mumford, will be the chairman of the program with Deacon H. Buford as clerk. Deacon Willie Holt will be master of ceremonies, while Mrs. Magnolia Rice, Mrs. Cora Staple and Mrs. Lora V. Riggs, Miss Susie Dickens and Miss Nellie Porter will act as mistresses of ceremonies.

The affair, according to plans, will be a very enjoyable one.

"A SERVICE THAT SERVES"

## Skating Rink Draws Big Crowds

The spacious skating ring and dance palace out at Douglass park has become the stamping ground of many of the city's skate and dance fans.

The beautiful amusements have been provided thru the commendable effort of the progressive citizen whose genius guides the destinies of the Douglass Park Amusement Co. Mrs. Ollie Day, well known among residents of this city, is president. Mrs. Isaacs, the very efficient east side business woman, is secretary and treasurer. Much favorable comment has been made upon the splendid conduct of those attending. No disturbances mar the enjoyment of these recreations, as has been the case in a few instances in former years.

Prizes have been and are to be given away periodically. The management urges those who expect to enjoy themselves at Douglass park this summer, to come early and often, that thru practice and development of skill, they may win one of the valuable prizes still to be given away.

Raymond David and his Red Hots, furnish the scintillating, peppy tunes of harmonic jazz. This in itself is a big inducement to those who like good music.

The management has an interesting schedule of varied attractions booked for the summer season. Those who are still young and love good, clean, beautiful entertainment and exercise, will follow their program with enthusiasm.

## Street Parade Is Big Feature Of U. N. I. A. Reunion

With the usual big street parade as a principal feature, the annual reunion of the divisions of the Universal Negro Improvement association was held in Indianapolis, Sunday afternoon.

According to local officials of the organization, large delegations from Michigan, Indiana, Illinois, Ohio and Kentucky, headed by the Gary Universal band, took part in the big parade.

The big U. N. I. A. reunion parade which was formed at Liberty hall, 12th and Senate avenue, precisely at 12 noon, moved north on Senate to Boulevard place to Twenty-sixth street, west on Twenty-sixth street to Northwestern avenue, south on Northwestern avenue to 15th street, west on Fifteenth street to North West street, south on North West street to Indiana avenue, south on Indiana avenue to Senate avenue and north on Senate back to Liberty hall.

**Mass Meeting Feature**  
A monster meeting in connection with the annual program was staged at Liberty hall immediately after the parade at 3 o'clock.

The Hon. Charles L. James was the principal speaker at the mass meeting which was one of the most largely attended in the history of the organization.

**Exhibition Drill**  
The mass meeting, was preceded by an exhibition drill by the combined U. N. I. A. units of divisions and a concert by the Gary Universal band of sixty pieces.

Indianapolis U. N. I. A. adherents are making preparations for the coming annual reunion which is calculated to be a great affair.

## Masons To Observe St. John's Day

## CHICAGO CHAIN STORE GROUPS ARE BOYCOTTED BY NEGROES

CHICAGO, June 20.—(ANP)—One of the results of the effective job getting campaign conducted here by The Chicago Whip under the slogan "Don't Spend Your Money Where You Cannot Work" has been the introduction of picketing in front of stores which belong to a large chain in order to establish a practical boycott. These stores are members of the only national chain store group which does a large business in the colored district that does not employ colored clerks. Pickets have been placed in front of each member of this chain with large banners upon their shoulders bearing the admonition, "This store is unfair to colored labor—Do not spend your money where you cannot work." Those responsible for establishing the pickets are said to be in no way connected with the newspaper campaign but have undertaken the task as independent and radical sympathizers on their own initiative.

The effect of the picketing for the past several days has been to almost completely cut off the trade of the stores affected by the boycott. Few colored shoppers will enter in the face of this organized protest and there are only a few white shoppers in the community. From every indication, the stores will either be forced to employ colored clerks or go out of business. There is, however, observers point out some real danger in carrying the plans of coercion this far for although definite gains have been made by newspaper publicity and other methods of appeal, there are instances where retaliation may be made positive and harmful.

The local manager of the chain store group affected by the present boycott has written and wired the company's New York office repeatedly to secure a change in the company's discriminatory employment policy. To date, no favorable replies have been received but it is reported from reliable sources that the management has released a number of colored janitors and porters from its downtown and other outlying stores in the city. As these are some thirty odd stores in the city which are members of this group, it may be seen that the loss of employment occasioned by his new policy of the management may be more than equal the anticipated gains.

## A. U. K.'s Prepare For Big Tomlinson Hall Dance-Revue Program Tuesday Night

By GABRIEL STANLEY

Everything is in readiness for the Dance and first military ball to be staged under the auspices of the First regiment of the A. U. K. and D. of A. next Tuesday night at Tomlinson hall.

The coming event, for which preparations were in the making for some time is promising from all indications to be a howling success.

The rapidity with which tickets to the affair are being sold is a convincing evidence that a near overwhelming attendance will be on hand to witness the big program.

Show Is Good  
The show, which has been undergoing intensive rehearsals for several weeks under the personal direction of Captain Clarence (Dippy) Miller, is nothing less than a humdrum in character with all the ear marks of a first class stage production.

Personnel Talented  
It suffices to say that the show with its remarkably highly talented personnel of players is bound to be productive of much lively entertainment and irresistible amusement. Personally I feel called upon to commend the revue to the public as a very good one.

Band Orchestra On Program  
On the program, will be a ten-piece ladies orchestra and the First regiment band of the A. U. K. and D. of A. Indiana. The band, which will be under the direction of Henry Williams, will give a special concert preceding the program at the hall.

Among the principal characters and items to be featured in the revue are Smith and Frnce, well-known clog and eccentric dancers; Anna Simpson, Beatrice Brown, Miss Neighbors and Mrs. White, the four juvenile dancers; a laugh provoking jug band, a quartette with a silver tone fame, the girl's quartette and Mrs. Ida Davis in a fantail offering.

Field Day Exercises  
The Tomlinson hall affair of the

A. U. K. and D. of A. will be preceded by field day exercises at Douglass park, Sunday afternoon. The military departments which have been ordered for this occasion, are expected to report in full force.

Exhibition drills by two companies of the uniform department of the order will be featured under the command of Colonel Samuel Gray.

Grand March  
Major General John A. Shaeckel, of St. Louis, is scheduled to lead the grand march in connection with the big A. U. K. Tomlinson hall program, Tuesday night.

Following are the officers of the program which, according to all indications, will be a great big success: Col. Samuel Gray, chairman; Captain Clarence (Dippy) Miller, vice-chairman; Sergeant Ida Davis, secretary, and Lieut. M. Marvells, treasurer.

A peppy orchestra has been engaged to supply music for the dance program.

Exhibition drills by the military companies of the order will also be a feature of the program at Tomlinson hall.

## NEGRO'S RIGHT TO VOTE IN VIRGINIA PRIMARY UPHELD BY HIGH COURT

ASHEVILLE, N. C., June 19.—The United States circuit court of appeals today ruled that the Democratic party in Virginia could not deny Negroes from participating in primary elections. This decision marks an important victory in the long and successful campaign of the National Association for the Advancement of Colored People against attempts at disfranchisement of Negro voters in southern states.

Today's decision of the Appeals court affirms decision by Judge D. Lawrence Groner of the Federal District court, at Richmond in the case of James O. West vs. A. C. Biley, William Boltz and William Richer, the three defendants being Democratic Judges in the precinct in Richmond in which Mr. West lives. Three Judges denied to Mr. West the right to participate in the Democratic primary of April 3, 1928, refusing on the basis of the ruling by the Democratic party limiting participation in its primary election to whites.

Today's opinion was written by Judge Elliott Northcutt of West Virginia and was concurred in by District Judges W. E. Baker, also of West Virginia, and William C. Coleman of Baltimore. The decision says in part:

"If all the political parties in the State of Virginia incorporated the same qualifications in their rules and regulations as did the Democratic party, nobody could participate in the primary except white persons and other persons would be deprived of a material right guaranteed to them under the Constitution as amended: That is, the right to participate in the selection of candidates to be voted for in the election."

J. O. Hardcastle, Well Known State Citizen, Is Dead

WASHINGTON, Ind., June 20.—Funeral services for John O. Hardcastle, 51, well-known Wash-

ington citizen, who died at the home of his sister, Mrs. Eva Mae Burrows, were held at the Deulah A. M. E. church at 2 o'clock Monday afternoon.

Mr. Hardcastle, who died from the effects of heart disease, had been in failing health for about a year. He had been seriously ill about four months.

Mr. Hardcastle, who was born in Washington township, February 16, 1879, the son of Phillip and Anna (Ballow) Hardcastle, had lived in the vicinity of Washington practically all his life. He is survived by one brother, Elijah Hardcastle, of South Bend and two sisters, Miss Zeno Washington and Mrs. Burrows of Indianapolis. Burial was in the Hawkins cemetery.

## BURRUS NAMED J. P. TO TAKE HUESTON POST

LAKE COUNTY COMMISSIONERS ACT AS FIFTEEN HUNDRED CITIZENS URGE THEIR CHOICE OF FORMER CITY COUNCILMAN

GARY, Ind., June 20.—William Burrus, former Gary city councilman, was appointed justice of the peace for Calumet township, by the Lake County commissioners, Monday afternoon to succeed W. C. Hueston, who resigned the justice of the peace post to accept an appointment as assistant solicitor to the post-master general in Washington.

Burrus's appointment was made immediately after Hueston had presented his resignation to the commissioners.

Burrus was supported in his fight for the justice of peace appointment by more than 1,500 citizens whose names appeared on a petition asking that he be named to fill the vacancy.

Burrus also had the indorsement of the Elks and K. of P. lodges as well as several Republican organizations.

"A bad man is wretched amidst every earthly advantage.

A good man—troubled on every side, yet not discontented; perplexed, but not in despair; persecuted, but not forsaken; cast down but not destroyed."

Those who are good will never be destroyed, and those who are law abiding will not be forsaken or persecuted.

Loyalty is the great lubricant of life. It saves the wear and tear of making daily decisions as to what is best to do.

It preserves balance and makes results cumulative. The man who is loyal to his work is not wrung nor perplexed by doubts—he sticks to the ship, and if the ship founders, he goes down a hero.
